

HOOKED TO BOOKS

BASIC GUIDELINES

How to Get Your Book Review Accepted.

MUST HAVES for Book Reviews:

- Write an original review (don't copy and paste)
- Break your review into Sections
- Use at least 3 sections. Bullet points and lists are helpful on readers' eyes.

You MUST include “The Book in 3 Sentences” OR “5 Main Ideas” in your review

If you can, please send us BOTH of these, but if you're reviewing a fictional storybook that can be challenging. It's ok. Just pick one or the other in that case.

- **The Book in 3 Sentences:** If you only had 15 seconds to explain the book to a friend, what would you say?
(It's ok if this is drastically oversimplified.)
- **The Five (5) Main Ideas:** Present a bullet-point list of 5 items that present the main ideas of the book you're reviewing.
